

Category Connect

Which category belongs to which picture? In Category Connect, players practice making connections individually.

Smart-Sleeves

Getting started

- ✕ Gather the Smartsleeves and the Category Connect quiz cards.
 - If you want to create your own Category Connect quiz, visit www.picoo.com/picoo-quizen for instructions and the template.
 - In this game, players match different items to one of two categories. Each category has an equal number of items.
- ✕ Insert the quiz cards into their designated Smartsleeves. The back of each quiz card shows which Smartsleeve it goes with.
- ✕ Scatter the filled Smartsleeves across the playing area.
- ✕ Start the game.

- ✖ Scan the next available Smartsleeve that hasn't been used yet. If all Smartsleeves are in use, press the button twice.
 - **For example:** if you have 4 items per category, you will have 10 Smartsleeves on the field. Scan Smartsleeve number 11.
 - **For example:** if you have 11 combinations, you will have 24 Smartsleeves on the field. Press the button two times.

Rules of the game

- ✖ Scan a quiz card to pick a category.
- ✖ Find and scan an item that belongs to that category.
- ✖ Your controller will light up green if you got it right!
- ✖ Your controller will light up red if you got it wrong. Keep looking for the right answer.
- ✖ Keep playing until you have put all the items in the right categories.

End of the game

- ✖ You win the game when you have successfully matched all the items.

Colors and interactions

Getting started

- *Blue*
scan the next unused Smartsleeve or press the button twice
