

Quizstafette

v2.17

1+

4+

**Duration: 30 sec
per round**

Teacher preparation and guidance

- ✖ Quizstafette can be played individually or in teams.
 - Individual: Give each player a Picoo controller.
 - Teams: Divide players into teams. Give a Picoo controller to each team. Players take turns answering a question with the Picoo controller.
- ✖ Spread out the helper cards.
 - The number of helper cards you need depends on the number of answers in the quiz you are playing. If there are two multiple choice answers, you will need helper cards one and two. If there are three multiple choice answers, you will need helper cards one, two, and three. And so on.
- ✖ Start the game using the Picoo app.

- ✖ Wait until all the Picoo controllers light up white, then click the “Next” button in the app.
- ✖ Choose one of the quizzes to start.
- ✖ Read the question aloud and explain which answer goes with which number.
 - If you don’t want to play a question, click the skip button. The next question in the quiz will now be displayed.
- ✖ Click the ‘Start Round’ button.
- ✖ Players can now search for the correct answer.
- ✖ The timer starts automatically. Players have 30 seconds to answer the question.
- ✖ Click the ‘Next’ button to open and start a new question round.
- ✖ Playing in teams? Pass the Picoo controller on to the next player.

Rules of the game

- ✖ Listen to the question and multiple choice answers listed by the teacher.
- ✖ Choose the correct answer to the question by finding and scanning the helper card with the correct number.
 - For example, helper card 1 is answer 1. Helper card 2 is answer 2. And so on.

- ✕ Want to change your answer? You can scan more than one card during a round. The last card you scan is your answer.
- ✕ At the end of the round, the Picoo controllers will indicate whether the correct answer has been scanned.
- ✕ Are you playing in teams? Pass the Picoo controller to the next player in your team.
- ✕ Wait for the next question.

Colors and interaction

- Yellow: wait for the question and answers to be read
- Purple: you can scan the answer
- 🔊 Purple blinking + beep: answer scanned, waiting for response
- ✔ Green with win sound: the answer is correct
- ✖ Red with losing sound: the answer is not correct
