Preparation

- ✖ Please note that you need a minimum of 6 players. If there are less than 6 players, the Picoo controller will blink red three times and you will hear a beep.
- ✖ Start the game.
- ✖ Teams of two players will now be formed automatically. Each team will have its own unique color.
 - If there is an odd number of players, one team of three players will be formed automatically.
- ✖ Do you want to control who teams up with who? Swap the Picoo controllers so that the players who should be on the same team have the same colored controllers.

- ✖ Once the teams are in place, press the button on the blinking Picoo controller again.
 - Did you start the game from the app? Then you can also press “Start” in the app.
- ✖ All Picoo controllers will light up blue, except for the taggers: they will light up red.

Rules of the game

- ✖ The goal of the taggers is to tag someone with a blue Picoo controller as quickly as possible.
- ✖ Both taggers stop being taggers as soon as one of them tags someone else.
- ✖ As soon as one of the blue players is tagged, that player and their teammate will become the new taggers.
- ✖ The game ends when the time is up.
- ✖ The players who are the taggers at the end of the game lose the game. The other players are the winners.
