

Pualua

Follow the trail of colors that Pualua sets out for you! Can you match the correct card with the color shown by your Picoo?

Smart-sleeves

Getting started

- ✕ Place at least one red, green, yellow, and blue Smartsleeve in the play area. The numbers on them don't matter.

How to Play

- ✕ Your Picoo controller will show you a color.
- ✕ Find the card that matches the color and scan it with your controller.
- ✕ If you get it right, your controller will vibrate, and a new color will pop up!
- ✕ If you get it wrong, your controller will flash purple, and then you can try again.

End of the game

- ✕ Once you've scanned ten colors, the game is over.

Colors and interaction

Red, green, blue, yellow
one of the four colors you can scan

A new color + correct sound + buzz
you got it right!

Purple + incorrect sound + buzz
oops! Try that color again
