

Hide and Seek

Hide-and-Seek with Picoo.

Try to find everyone or hide well!

How to Play

- ✕ When the game starts, someone is chosen to be the seeker. You'll know who it is because their controller will blink white.
- ✕ Everyone else gets to be a hider. Their controllers will turn blue.
- ✕ Hiders, you have 20 seconds to hide! The seeker has to keep their eyes closed while you hide. The seeker's controller will buzz every second so you know how much time is left.
- ✕ After 20 seconds, the seeker's controller will turn purple. That's your signal to start searching!
- ✕ Hiders, watch out! Your controllers will also give a little buzz to let you know the seeker is on the move.
- ✕ Seeker, if you find a hider, hold your controller next to theirs for 6 seconds until their controller turns red.

End of the game

- ✕ If the seeker finds all the hiders, the seeker wins.
- ✕ If some hiders are still hidden when the game ends, the hiders win.

Colors and interaction

- *White blinking*
the seeker - The other players are hiding
