Getting Started

- ✖ Choose some Bird Paradise quiz cards.
 - Tip: More birds, or hiding them further apart, will make the game harder.

- ✖ Spread the birds around the play area.
- ✖ Scan the game card.
- ✖ Next, scan the separate empty Smartsleeve with the same Picoo, the game master.
 - Are you using all the Smartsleeves? If so, press the button on the game master Picoo twice.

How to Play

- ✖ Search for the birds in the play area.
- ✖ Scan every bird you find.

- ✕ You only need to scan each bird once.

End of the game

- ✕ The person who finds all the birds the fastest, wins the game.
- ✕ The other players can keep searching until they find all the birds too.
- ✕ The game stops when all players are finished.
